WELCOME TO KRISHNA POWER SYSTEMS

Krishna Power System Owned by Mr. Ashok Gautham, is a NCR based MNRE Approved and ISO Certified manufacturer of high quality, engineered systems that include solar LED Street lights, LED Flood Lights, LED based products and solar-electric power generation systems which are free from the utility grid. We also manufacture a solar powered light system that ties into the utility grid. Our systems are engineered for long-term and reliable performance with little or no maintenance. The systems are designed for a wide range of physical and operating environments and are perfect for rural, suburban and metropolitan areas.

Voltaic Power brings a large amount of services to the table with only two objectives in mind: to supply you with whatever resource possible to win the project, and to provide a service and product that is unparalleled. We strive to exceed your expectations and with so many benefits to being our partner, we will set the new standard of what you will expect from a lighting manufacturer.
